TAYC Regatta Volunteers

The success of our junior regattas is dependent upon volunteers. It is exciting to be at TAYC on regatta days because everyone participates and the club truly shines. TAYC will host two junior regattas this summer, so please mark them on your calendars. No experience is necessary to assist with a regatta. If you would like to help, please place a check next to the regatta(s) below and the area(s) in which you are comfortable in serving.

Parent of the Day (POD)

The Parent of the Day Program is an essential part of junior sailing. The program provides first aid services, general assistance for the director and coaches, and monitor's VHF radio for program and weather emergencies.

A parent or guardian should volunteer at least once during the program for their child.

POD Schedule:

1. Make contact with the director once you arrive on site.
2. You will receive a brief orientation and be assigned the junior sailing first aid bag. Keep the bag with you at all times.
3. Take your position at the VHF monitoring desk, where you can be easily located if needed.
4. During the day you might be asked to:
 - administer Band-Aids and Ice; attend to sea nettle stings and maintain the medical log
 - help the director make phone calls and complete odd jobs
 - generally, help monitor and supervise the sailors during lunch
5. At the end of the day, please report any problems, concerns, and any restocking first aid needs to the director, and help the coaches supervise the children in general clean up and check out.

Please write the date that you would like to volunteer for Parent of the Day.

Note: Parents of juniors racing this summer are needed for Regatta PODs. Sign up with the director.
